OFFICE OF LEGISLATIVE COUNSEL

Thursday - 19 January 1965

1. (Internal Use Only - JSW) At the Director's request, talked with Senator Henry W. Jackson indicating that a very interesting briefing had been prepared for this morning and added that the Director had hoped very much that Senator Jackson would be present. Senator Jackson said he appreciated this and that he would be present which he was.

2. (Internal Use Only - JSW) Talked to Senator George R. McAneny at the Director's request indicating that a very interesting briefing had been prepared for this morning and adding that the Director had hoped that the Senator would be present. Senator McAneny said he appreciated this and that he would be present which he was. I indicated to the Senator that the papers which had been promised to him by the Director would be available at four o'clock.

3. (Internal Use Only - JSW) Attempted to reach Senator Clinton Anderson in connection with the briefing this morning but learned that he would be tied up all morning with the Board of Governors of the Smithsonian Institute. However, I left a message that I had been by on behalf of the Director to urge him to attend the meeting this morning if he possibly could.

4. (Internal Use Only - JSW) The Director briefed the Joint Committee on Atomic Energy. See Memorandum for the Record.

5. (Internal Use Only - JSW) Talked with Robert Michaels who furnished me with a list of the Defense Subcommittee as follows: Mahon, Bibas, Whitten, Andrews, Flood and Thomas (Democrats) Lipcomb, Laird and Marshall (Republicans). Mr. Michaels pointed out that in view of the ground rules of the Republicans that no member could be senior on more than one Subcommittee. Laird has given up his seniority to Lipcomb in favor of remaining senior on Labor, Health, Education and Welfare. I also requested Michaels to discuss further with Mr. Mahon the agenda for the meeting on the 8th and 9th to see if there were any particular items the Chairman wished to be covered. Michaels said he would be happy to do so. Michaels also stated he had had preliminary discussions with Harry McDermott about the special arrangements we wish in connection with the reporting of this hearing. I stated we would follow up with further details and let him know if any problem developed.
